Sir:

**Certificate
NOV 08 2005
of Correction**

Upon review of the subject patent, Patentee's attorney discovered a typographical error in claim 2 and an error on Fig. 6. It is believed that these errors are on the part of the Patent Office. Patentee's attorney requests correction of the issued patent as outlined below. A Form PTO 1050 Certificate of Correction is enclosed in duplicate.

Claim 2 was amended in a Response to Office Action filed November 19, 2004. The amendment deleted the word "and" and added the word -- to --. (Column 23, line 66)

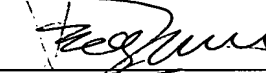

Fig. 6 was filed November 13, 2003 with no missing letters in the word "Transceiver" at reference 618. The scanned copy of Fig. 6 as shown in PAIR has several letters missing in the word "Transceiver". In an Office Action dated November 3, 2004, Examiner Christina Leung stated that "The drawing(s) filed 13 November 2003 is/are accepted". Additionally, in the Notices of Allowance dated March 3, 2005 and May 31, 2005, it was again stated that "The drawings filed on 13 November 2003 are accepted by the Examiner." It is the belief of the Patentee that Fig. 6 was correct and complete at time of filing. A copy of Fig. 6 as filed is enclosed.
